THE rockwell report...

UNCLE SAM—ALL LAOS-ED UP AGAIN

AMERICAN NAZI PARTY
official publication

The great Joe McCarthy unearthed the most significant single fact in understanding the steady progress of world Communism. But in the heat of the battle he was waging for America and Western Civilization, even he failed to realize the enormous importance of the discovery.

He found that Owen Lattimore and his red gang in our State Department issued an official U.S. order to our diplomatic personnel in South Korea to "let them, (the Anti-communist South Koreans) fall, - but do not let it look as though we pushed them."

This is the formula for every "victory" won by any gang of ragamuffins and cannibals who decide to become "Communist rebels" and defy their own government --and Uncle Sam. We don't actually PUSH them, but we let the Soviets build them up, supply them with weapons and military advisers, plan their attacks, and organize the youth and students of the land in question into a subversive terrorist machine which cannot be controlled by the local government. For a while we "aid" them, --but NEVER WITH QUITE ENOUGH to enable the anti-communist governments to put an end to the Communist "rebels".

It started in Russia itself. Jacob Schiff, of Kuhn Loeb and Co. in New York, -the grandfather of Dorothy Schiff who owns the New York Post, - put TWENTY MILLION DOLLARS into the Communist revolution in Russia, and literally hundreds of Jews from New York's lower East Side swarmed into Russia with money and subversion and agitation to overthrow the Czar. (Overman Report to the U.S. Senate, 1919; Winston Churchill, London Illustrated Sunday News, February 8, 1920; and many other sources). They first set up a "coalition" Kerensky government, which promptly "fell" to the Communist murderers.

During World War II, - the United States poured BILLIONS of dollars into Soviet Russia, and allowed the reds to strip Germany and many industrial nations BARE to build up the Soviet Colossus.

In most countries conquered by the Anti-Communist Germans, there were "resistance" groups. The U.S.A. supplied and aided these enormously, but not without the same vicious PATTERN! In most countries, there were resistance leaders who were both anti-Nazi, AND Anti-Communist.

But we ALWAYS backed the COMMUNIST leaders and did everything possible, even during the war, to undermine and wreck the anti-communist "resistance".

In Jugoslavia there were Josip Brochovich (better known at "Tito") and Col. Draza Mihajlovic with his "chetniks", as they were called. Both of these groups fought the Germans, --but "Tito" went all-out to slaughter and terrorize CHRISTIANS and ANTI-COMMUNISTS, --while Mihajlovic fought only the German Army. So the U.S.A. poured in aid to Tito, ---and, after the war, kept supplying and helping him until he had hunted down and SHOT Mihajlovic before a firing squad!

When Poland was overrun by both the Nazis AND the Soviets, the regular government fled to London, and was recognized by the "Allies". But as soon as the war neared its end, the Soviets moved a gang of "Lublin" REDS into Poland, and set them up as the "Polish Government". Instead of protesting, the U.S. and the rest of the "Allies" RECOGNIZED the RED government, and utterly deserted the loyal Poles in London. To cover up this sort of thing, the Soviets rounded up FIFTEEN THOUSAND Polish Army officers who would have fought such a rape of their Country, and had them shot in the back of the neck in Katyn Forest. Two U.S. Officers witnessed this atrocity, but were ordered by our government, on pain of court-martial, never to mention WHO DID THE SHOOTING. --Because the Russians were claiming the Germans did it, --but the Red Cross and our own intelligence knew better. Nevertheless, until recently, our government officially backed the story that the Germans did it, --and allowed the perpetrators of this unspeakable mass murder to sit in "judgment" at Nuremberg, --and HANG Christian, anti-Communist Germans for "atrocities"! (See "In the Shadow of Russia", Nicholas Halasz).

An even viler betrayal occured in Warsaw, when the anti-Communist "Polish Home Army" managed to smuggle 40,000 disguised soldiers into Nazi-occupied Warsaw toward the latter part of the war. Moscow radio urged them to revolt, promising Soviet aid. A huge Soviet Army was at the gates of the city, and Soviet officers from this army also urged the Poles to revolt, pledging to march to their aid immediately.

So the brave Poles DID revolt, - and then begged for the promised Soviet "aid". But the Red Army waited quietly outside of Warsaw on orders from Moscow, until the Polish Home Army, which might have opposed the Reds, had been SLAUGHTERED. The Soviets then marched in, and shipped the remnants of the Poles to Siberian Slave Labor camps. (Americana Encyc. Hist. of WW II and Poland).

In Bulgaria, the leader of the "resistance" was Trachio Kostov, Secretary General of the Bulgarian Communist Party, and this "patriot" also

fought not only the Nazis, --but slaughtered and terrorized Christians and Anti-Communists. So we aided and abetted him, too. (Americana).

In Albania, the same picture: the "partisans" were led by the Communist Enver Hoxha, called "little Tito", --who is the red dictator of Albania today. We helped put him in there.

In Hungary the "resistance" was led by Laslo Rajk, a notorious Red who fought the Christians in Spain and then became the number two Red in Hungary under the Jew Communist, Matthias Rakosi. Under this Red, in the "resistance", was the terrorist, Janos Kadar, --the present red puppet dictator in Hungary. (See: Shadow of Russia, Halasz).

In Greece the important "resistance" or "partisan" movement was the Communist EAM, or "National Liberation Front", --the "Black Greeks". These terrorist Communists very nearly took over Greece, and it was thanks to the great James Forrestal that they did not. With Forrestal pushing Truman, Greece is the ONLY place we did NOT back the Reds and let the anti-communists "fall", -without letting it be known we "pushed them".

In Italy, again, the "resistance" was COMMUNIST, and it was Walter Audisio, a top Red, who butchered Mussolini and his mistress and had them strung up in the public square by their heels. Today, Audisio is the top Red in the Italian parliament.

In France, with the same deadly regularity, the "resistance" was COMMUNIST!

The "Socialist" Jew, Leon Blum, became a sort of symbol of the "resistance", and the first illegal document put out by the resistance was dedicated to Blum. The official organ of the Paris Underground was the Marxist "Socialisme et Liberte". The main leader of the RED underground was another Jew, Daniel Mayer, Secretary of the Socialist Party of France. (Americana, History of France).

General Eisenhower admits, in "Crusade in Europe" (pages 319, 320), "..Communist doctrines flourished in great segments of the underground movement.."

In China there were again TWO "resistance" movements: Chiang Kai Shek, an anti-Communist, --and Mao Tse Tung, --the RED terrorist.

The U.S.A., --in the person of George Catlett Marshall, DISARMED the ANTI-Communists, --and allowed the Soviets to give the Communist, Mao, almost the entire stock of weapons and supplies of the Jap Armies on the mainland.

Marshall actually BOASTED that with "a single stroke of the pen", --he disarmed Chiang Kai Shek.

But that was not the only U.S. tactic for securing the victory of Communism without making it appear we forced it.

The ostensible reason given for NOT helping Chiang against the red terrorists was that he WOULD NOT ALLOW A "COALITION" GOVERNMENT with the Communists, --who demanded the ministerial posts of the ARMY and STATE POLICE!

Sound familiar?

It should.

In Bulgaria on Sept. 9, 1944, a "coalition" government known as "The Fatherland Front", consisting of Left-wing "Agrarians", Social Democrats and Communists. The Communists, of course, insisted on the police and Army posts. Then they turned these into Communist militia, massacred or outlawed all opposition and then held rigged "elections", in which the reds received 99% of the vote. (Americana).

On August 23, 1944, a "coup d'etat overthrew the anti-Communist government of Rumania and a "coalition" was set up; "Social Democrats", "Peasants", "Workers", Agrarian reformers", etc, etc! The reds, as usual, felt their services were most valuable in the police and army posts, and soon had the red Jewess, Anna Pauker established as the terrorist Communist dictator of Rumania.

After the war, a "coalition" government was set up in Czechoslovakia, with the reds occupying, again, the ministerial posts commanding the POLICE and the ARMY. On Feb. 17, 1948, the Soviet Foreign Minister, Valerin Zorin arrived in Prague to "improve cultural exchanges" (That sounds familiar here in the U.S.A., too). In a matter of a few days, the Country was besieged with Communist strikes, riots and rebellions, and Rudolph Slansky, the red Jew, used the Police and Army to quell these "disorders" -- and set himself up as the dictator of Czechoslovakia.

In Cuba, just a few years ago, we were told that a terrible tyrant, Batista, was oppressing the people. He had to be gotten out. That he was also a powerful anti-Communist was not mentioned. --But the virtues of a "rebel" and "agrarian reformer" named Castro were endlessly praised in

the American prostitute press. Castro, supplied by the Soviet Union, built his forces up, while we cut off support for the anti-Communist "tyrant", Batista.

Today in Cuba the most powerful figure emerging is that of Abraham Zincowicz, a Jew, who used the Spanish alias "Fabio Gobrat" (or something very similar). Zincowicz has been an agent of the Comintern for 30 years in the Carribean. He lays down the Party line in a high level Cuban commie periodical for party members, and he is believed to head a powerful security force within The Cuban Communist Party.

The latest episode in this incredible march of American treason is in LAOS, where we INSISTED that the anti-Communist government take in the Communists in a "coalition" government, --AND GIVE THEM THE POSTS OF ARMY AND POLICE!!! When the Laotians refused last February, we cut off all aid to them, while the Soviets built up the aid to the ragamuffin "rebels"! (N.Y. Herald Tribune, May 20, 1962). On May 11, the Jew, Pierre Salinger, President Kennedy's "press secretary", arrived in the Soviet Union to see Khruschev (N.Y. Times, May 12, 1962).

So Castro duly took over Cuba, and his tyranny and his firing squads are a big "surprise" to our State Department and the dewy-eyed innocent of the New York Times, Herbert Matthews.

The formula of the U.S. State Department for insuring red victories was again demonstrated when we openly "backed" a "counter-attack" on Castro by anti-Communist Cubans. We HAD to do something with Cuba only ninety miles from the U.S.A. mainland. So we let the anti-communist Cubans "fall, --but didn't make it look as though we pushed them".

We promised them the air support without which an invasion today is UNTHINKABLE! --The brave, trusting Cubans, like the anti-communist Poles before them in Warsaw, -went in believing in Uncle Sam, ---only to have Adlai Stevenson and his red gang, along with Kennedy, yank out the air support at the last moment!

Thus the reds again "prove" to the world that Uncle Sam is a "paper tiger" who can be successfully defied by any bearded jungle upstart who cares to spit in his eye.

As usual, the Soviet Union AND the U.S.A. both agree that all ARMY and POLICE POSTS in the "coalition" government should go to the COMMUNISTS! The anti-communist government refuses to commit suicide in this "coalition" --so we cut off all aid to them for being so calcitrant!

When we ask ourselves how this can happen, we find the same gang of red rats in our State Department and an interlocking web of subversion at the top levels of our National Life.

The chief "negotiator" of the sell-out in Laos is Arthur Dean, a member of the Communist-front Institute of Pacific Relations so thoroughly exposed and discredited in Senate hearings. Dean also helped "negotiate" the Korean "peace" which was a euphemism for a disgraceful U.S. defeat by Communist baboons.

The key role, at the moment, is being played by DEAN RUSK, the man who advised Truman to send our men in to be slaughtered in Korea when they were forbidden to win. He is also a member of the State Department clique which promoted the lies that Mao Tse Tung and Castro were "agrarian reformers". Rusk also pushed the decision to fire the magnificent General Douglas MacArthur, --and is a past president of the Communist-aiding Rockefeller Foundation! (Current Biography, July, 1961, page 37-39).

Another member of this coterie is Averill Harriman, who made the incredible statement, "It doesn't really matter to us, one way or the other, what happens in Laos!" (N.Y. Daily News, May 1962). This big pink banker was, "strangely" enough, also a big adviser at the sell-outs at Quebec, Casablanca, Moscow, San Francisco, Teheran and Potsdam! Harriman also was sent over with final orders for General Marshall, just before that villian disarmed ten anti-Communist Chinese divisions "with a stroke of his pen!"

Right now, in the Congo, America is also pushing for another "coalition", with three "factions", just as in Laos: Communist Gizenga, Anti-Communist Tshombe and a so-called "moderate" or "neutralist, Adoula. But, as usual, the "Moderate" Adoula, together with the Communist Patrice Lumumba formed the first red political party in the Congo in 1956. Now he has "arrested" some Reds to make things look good, but we will soon see the effects of the "coalition" there, as we have everywhere else!

And the Dominican "coalition" is now working toward Communism now that anti-communist Trujillo is dead.

With this astonishing, incredible record of sell-outs, one would think the American people would rise up in wrath against the traitors who keep

advancing world communism while Americans are paying their salaries as our top diplomatic defenders of America and anti-communism. But not only does the whole press machinery of America stand together to build these traitors into STATESMEN, --but their critics are afraid to come out and call their actions what they are, TREASON! It is called "blundering", --no matter how often and regularly these reds in our government hand our friends over to the Communist terrorists and murderers. The "conservatives" and "patriots" are too timid to make a forthright stand as Americans MUST, if they are to survive much longer, because they might then have to FIGHT.

But the American Nazi Party is not afraid to call these people TRAITORS in public and in print, and we have no immunity of any kind. If we are wrong, then let the defenders of these red swine haul us up in libel suits, --or better yet, for CRIMINAL libel! Then we can subpoena the traitors and their friends and force a public exposure of just what they are.

The latest sell-out in Laos, with our troops being sent to Thailand, (next on the list), --WITH NO AMMUNITION, --is filling up the craw of even the most patient and generous Americans. Let the traitors and plotters BEWARE! With every new sell-out they are getting closer and closer to the gas-chambers, the ONLY place where their monstrous crimes against millions of American dead from our phony wars can be expiated. The American Nazi Party is not in business to "reform" these vermin, but to KILL them after they have been exposed and proven guilty before good American juries, --in accordance with our once sacred American Constitution.

TROUBLE MAKING WARNER EXPLOITS NSRP IN LYING ATTACK ON ANP

The latest "Thunderbolt" of the National States Rights Party contains a tragic attack on the American Nazi Party, and a smear of my own person. I say it is tragic because the NSRP and the ANP are the real GUTS of the right wing, even though I disapprove of the way Fields and Warner pretend they are NOT Nazis when it is easily demonstrated that they ARE.

The hard-core of resistance to Jew Communism and race-mixing in the U.S.A. is either in the NSRP or the ANP. The NSRP appeals to the older people, and the ANP attracts the working people and the Youth. We SHOULD be working together. But Fields, -and now his partner Warner - are so convinced that they have to hide their real beliefs that they go to extreme lengths to mislead their trusting followers, finally going so far as to blast the ANP, when they know better. Warner especially is despicable in this business of lying in order to bring in the contributions.

When he was National Secretary of the American Nazi Party, Warner was the most militant, fanatical atheist I have ever known, and I had to call him down often for publicly boasting of the fiendish tortures he had devised for the Pope and Christian preachers. Warner was obsessed with the idea of saying whatever was necessary to bring in contributions from trusting old people, however, and was always looking around for some way to get himself "ordained" as a "reverend".

At first he consorted with a numerologist "reverend" in Manassas, Virginia, who was finally closed up by the Post Office Department for fraud in running a "diploma mill" in DD's. Then he found another outfit in Texas to ordain him a "reverend", -the "Church of God". But Mr. Warner has never put in his genuine years of study to be a real minister, and is the most conscienceless faker for cash contributions I ever met.

I will not reply to the despicable smears and lies against my person in the "Thunderbolt". I believe they discredit themselves as did the vile pamphlet Warner sent around to the mailing list he stole from the ANP. But I cannot let the libels against the Party stand. So, as we do with everything else, I am herewith publishing the DOCUMENTS. Honest, decent people can judge for themselves whether they should believe the NSRP or the ANP. Here are actual photographs of portions of the "Troopers Manual" of the American Nazi Party, first published three years ago and then reissued in 1961, placed

right alongside Field's allegations of what the Party stands for.

The NSRP program is closely modeled after the 25 Points of the official Program of the National Siozialistische Deutsche Arbeiter Partei, --the German Nazi Party, -even to the use of similar phraseology. But since few of the trusting old folks of Field's and Warner's party ever saw the German Nazi Program, they don't know this.

But, just as we challenge the Jew liars, if Fields and Warner wish to disprove this, I challenge them to debate me in front of an audience of THEIR members, any time, any place, and with me all alone. I will prove that the NSRP and even its symbol are directly derived from Hitler's Germany.

I suggest that the NSRP pull in their horns and stop giving the Jews the very thing they want, another scene of the fighters for the White Race FIGHTING EACH OTHER INSTEAD OF THE JEWS.

Fields started it by working in cooperation with Warner when this profiteering wretch stole our mailing list and used it to send around an incredible personal smear against me, calling me a "coward" and charging me with not bathing, etc. I protested to Fields privately and he published a notice that Warner had no part in the NSRP. ---But now he has put Warner in as the editor of the Thunderbolt, and attacks me with vicious lies about what the Nazi Party preaches.

I will once again hold forth a hand of friendship to the NSRP, --to the good men like Ned Dupes and Emory Burke, --and urgently suggest that the officers look into the truth about James Warner, and remove him before he forces a tragic battle between the two best hopes the White Race has left, --the NSRP and the ANP. If they doubt my charges against Warner, I will be happy to provide complete documentation of the vicious nature of this profiteer, and prove the probability that it is only a question of time before Warner decamps with the NSRP mailing list and tries to exploit it as he did with us.

The White Race CANNOT AFFORD ANY MORE CIVIL WAR. If Fields insists on battle, I will demonstrate the same combat efficiency which has the Jews staggering from the blows of the ANP. But I sincerely and urgently hope that the responsible men like Ned Dupes, who knew my father and knows me personally, will cool Mr. Fields off and purge trouble-making Mr. Warner before this thing goes any further.

VAST DIFFERENCES HERE ← FROM THUNDERBOLT

THESE TWO GROUPS HAVE NOTHING IN COMMON. ↙

THEY ARE DIAMETRICALLY OPPOSED T O ONE ANOTHER.

ROCKWELLS NAZI PARTY Believes In	N.S.R.P. MOVEMENT Stands for
1. Atheism	1. Christianity
2. Socialism ← LIES	2. Free Enterprise
3. Totalitarian form of Government	3. Constitutional Republic
4. Foreign ideology	4. 100% Native American ideology.

The above two groups stand for totally opposite things. Actually the Rockwell group should not even be considered to be Right-Wing. All Patriots should study the above outline and decide just which organization represents your political beliefs.

Do we favor dictatorship?

Absolutely not! We believe that no man can successfully play God. One man alone can not direct a complex modern state, but one man must assume responsibility for government. (FROM ANP "TROOPER'S MANUAL")

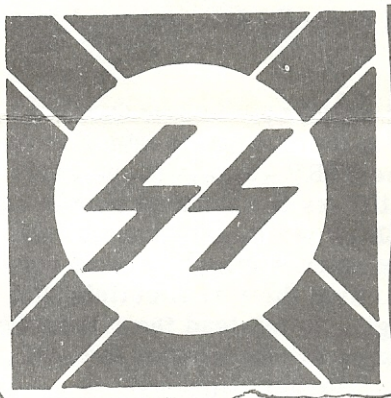
What form of Government do we believe in?

We believe in an Authoritarian Republic as the founders of this country intended. This means a natural leader selected by an electoral college composd of the elite of the nation. This elite, of course, will be chosen by popular vote. Once this leader is given a mandate he accepts full responsibility for his actions as President. ← FROM A.N.P. →

What is our position on religion?

The Party is not a religious organization, but a political one. *The Party favors absolute religious freedom.* Religious hatred will not be tolerated in the A.N.P. Religious controversy only divides the white man. The Party favors the Christian traditions of the west, but atheists and agnostics are admitted to the movement.

Here we reproduce photostats of the NSRP charges against the ANP, together with stats from our official "TROOPER'S MANUAL", showing Field's brazen lies. Below we reproduce the NSRP flag, with part of the "lightning bolt" moved up to show that it is ACTUALLY the flag of the Nazi SS, slightly modified, -and the gear-cogs and wheat sheaf on their editorial page are copied directly from the Nazi Labor front and agricultural society. See for yourself!



How do we differ from the Marxist socialists? "TROOPER'S MANUAL" A.N.P.

The main difference between the ideologies are that the Communists do not recognize race, are against private ownership, and do not recognize individual genius. National Socialism recognizes that the races are greatly dissimilar, and that the Aryan race is the only truly creative race. National Socialists recognize that free enterprise is necessary for a happy and healthy
